

Retrofit Regular

Finoglow Retrofit lamps can ideally replace GLS lamps. Finoglow saves up to 80% energy. The lamps have a long lifespan and are widely used for household applications. Lightweight, with diameter between 45 mm and 52 mm, they can be used in any luminaire where GLS lamps are used. Finoglow Retrofit lamps are available in three-colour temperatures to suit the ambience of the lit area. Excellent colour rendition ensures that objects appear in their true colours.

Applications : Domestic lighting, Hotels, Shops, Offices, Corridors.

Code	Lamp Description	Color Temperature	Luminous Flux	Voltage	Cap	Length L (mm) Max	Base Dia D (mm) Max.
