**Code : 2001**

10 A, 1 way 1 module switch

**Code : 2002**

10 A, 1 way 2 module switch  
assembled with face & mounting plate

**Code : 2003**

10 A, 2 way 1 module switch

**Code : 2004**

10 A, 2 way 2 module switch  
assembled with face & mounting plate

**Code : 2005**

20 A, 1 way 1 module switch

**Code : 2006**

20 A, 1 way 2 module switch  
assembled with face & mounting plate

**Code : 2007**

20 A, 2 way 1 module switch

**Code : 2008**

20 A, 2 way 2 module switch  
assembled with face & mounting plate

**Code : 2009**

10 A, 1 module bell push

**Code : 2010**

10 A, 2 module bell push  
assembled with face & mounting plate

**Code : 2015**

32 A, 2 module double pole (DP)  
switch with indicator

**Code : 2011**

Light dimmer 300 W

Design registration numbers : 202912, 202918, 202928, 202930, 202935.

**Code : 2012**  
Light dimmer 600 W

**Code : 2013**  
Stepped fan regulator  
(360° rotation)

**Code : 2014**  
20A, 230 V card operated switch

**Code : 2101**  
6A, 2 pin 1 module Euro socket  
with shutter

**Code : 2102**  
6A, 3 pin 2 module multisocket  
with shutter

**Code : 2103**  
6/16 A, 2 module multisocket  
with shutter

**Code : 2104**  
6/16 A, 3 module multisocket  
with shutter

**Code : 2105**  
110/230 V shaver socket

**Code : 2201**  
RJ 11 telephone socket 4 wire

**Code : 2202**  
1 module TV socket

Design registration numbers : 202913, 202922, 202926, 202932.

**Code : 2203**

RJ 45 computer socket 8 wire (1 GBPS)

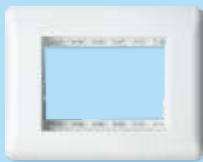

**Code : 2348**

1 module face and mounting plate

**Code : 2302**

2 module 2 gang face and mounting plate

**Code : 2303**

3 module face and mounting plate

**Code : 2304**

3 module face and mounting plate with separator for 16 A socket

**Code : 2305**

5 module face and mounting plate

**Code : 2306**

7 module face and mounting plate

**Code : 2307**

9 module face and mounting plate

**Code : 2308**

12 module face and mounting plate

**Code : 2309**

16 module face and mounting plate

**Code : 2310**

1 module blank plate

Design registration numbers : 202919, 202923, 202924, 202936.

Switch is enclosed from all sides ensuring shock proof operations. This assures total safety to end users.

## PLASTIC CONCEALED BOX

- Made of ABS with FR properties
- Economical than metal concealed box
- Aesthetically brilliant
- Sturdy and tough design
- Safer than metal concealed box
- Offers good grip

**It is recommended to use plastic concealed box to avoid an accident due to bare conductor touching mounting box**
